Page 4, Q10. How can local people be encouraged to take a greater role on making local decisions about Malborough?

71	always being kept informed about discussions regarding the village - like this questionnaire (there sadly seems to be a general apathy)	Jul 14, 2014 12:27 PM
72	The internet, Facebook. People are more likely to express their views from behind a screen...sad but true	Jul 14, 2014 12:07 PM
73	All local decisions over-ruled by Council/Planners etc. Local views not listened to (eg: Alston - still growing)	Jul 9, 2014 1:06 PM

81	If decisions made at district level appeared to reflect the views at parish level, then maybe more locals would feel it was worthwhile getting involved.	Jun 30, 2014 10:42 AM
82	There could be some central-hub of information to access, an online forum and a way of finding out who to talk to/knowing who the councillors are face to face. The Malborough Messenger and the Pre-school Committee are excellent resources. The Post Office staff are extremely friendly too. Parents to provide their views to the PTAs. The Community seems to work by and thrive on 'word of mouth', which isn't that helpful if you are trying to get to know people as newcomers and you do not have local family or know many people in the village - it can also be detrimental as 'word of mouth' can be speculative and get things wrong about people or events.	Jun 29, 2014 10:47 PM
83	I think it is important to be able to show local people that their ideas and concerns are heard and taken into account at levels higher than the Parish Council level of governance. No one is going to assume a larger role in local decision-making if they feel their efforts will fall on deaf ears at the SHDC level and beyond.	Jun 28, 2014 6:41 PM
84	Do not know	Jun 26, 2014 7:09 PM

85	I think surveys like this are good. maybe facebook would encourage the 20s to get involved?	Jun 9, 2014 6:38 PM
86	Make their voice count rather than be done unto by DCC/SHDC etc	Jun 9, 2014 1:51 PM
87	The local District and County councillors need to adopt a more approachable profile towards the community. They appear to be screened behind a Conservative bureaucracy.	Jun 8, 2014 11:36 PM

71	Overall, more inclusive and less prejudice & discrimination. The Community seems exceptionally friendly and supportive if you know people or have foundations, family and/or friends in the village. It can be difficult for outsiders who don't fit this mould - newcomers who are private & shy can be alienated and targets of speculative comment & judgement, so they don't always feel welcome or are misjudged. It then becomes necessary to visit groups and activities in the surrounding areas, even though one would like to get	Jun 29, 2014 10:47 PM

Page 4, Q14. How do you think community life could be improved?

actively involved with the Malborough Community. However, there are some very friendly and supportive groups who do try to support young children - The Pre-School Committee are excellent & should be highly commended. Having a central meeting place/activity hub where people can meet others and share. It is hard to know where to go to find out/join in/get involved if you don't have family connections in the immediate area, unless it is a big event such as the summer fete, pantomime or table-top sale. Perhaps a cafe or food/drink location that isn't a pub! There seems to be a lot of creative people hidden away in the village - maybe a community arts/ents festival could use hidden talents to benefit the community? A wider choice of activities at the village hall - particularly for young children. Outside of pre-school and the park, there isn't any other early-years activity group so families have to travel elsewhere.

72	Malborough badly needs a 'centre' where people can meet, chat, have a coffee, etc. We need more small businesses that cater to the need to socialise: a café? a 'post-box lending library' like the one they have in Thurlestone? Clothes shop/café? As the village gets larger this will become more essential if people in the parish who live outside Malborough (Soar, Rew etc.) are not to use it as a 'drive-through' en route to Kingsbridge and beyond. I was talking to a Malborough resident who suggested the school needs to be where the village hall is (near the playground etc.) and the village hall (with the addition of a café?) needs to be more centrally located (in the school building???) -- The need for a 'centre' where people can meet, chat, have a coffee, 'hang out' etc. is difficult because there seems no logical spot and building in which this could be established. But I do think it is something to ponder!	Jun 28, 2014 6:41 PM

74	Encourage old fashioned village values	Jun 26, 2014 7:09 PM
75	some rules and regulations make it difficult for some people to mix. an area for dogs would be a useful - there are a lot of dog owners and the only place to walk dogs are on the roads and lanes	Jun 10, 2014 6:23 PM
76	I like the idea of setting up an outside gym area in the park.	Jun 9, 2014 6:38 PM

44	there is NOWHERE to walk dogs and let them play off the lead. they all need exercise. I had a beautiful extremely well trained golden retriever and have never lived in a place so ANTI dog. I have NEVER known a wood that isn't for EVERYBODY to walk. Please open this wood to people with dogs. We pay our rates, taxes the same as everyone else and I am not alone in this. Dog owners in malborough are victimised. Open the woods and stop being so petty minded.	Jul 16, 2014 11:52 AM

59	Safer Roads for Children - Higher Town is very dangerous for children - many drivers do use it as a fast main road, even though there is a primary school and pre-school located there. The Pedestrian/Zebra Crossing outside the garage needs to be safer - many drivers ignore it and continue even when children are waiting to cross the road. Regular Children's Activity Groups for Early Years and Young Children - many families travel local and long distances to attend suitable recreational and social groups as not available in the village outside pre-school. A cafe/restaurant central meeting/drop in type place would be perfect for children to socialise. Many families travel to Salcombe, Kingsbridge, Totnes, Dartmouth and Dartington, sometimes even Plymouth, just for a child-friendly eating-out/play activity/ social facility. Events that are held at child and family friendly times, rather than in the evening - can be a childcare problem.	Jun 29, 2014 10:48 PM

68	Most are well maintained	Jul 18, 2014 12:25 PM
69	Cycle track fine..I just wish cyclists would use it instead of the main road!! Apart from the old footpath from Salcombe to Kingsbridge that has not been able to use in places for years and coastal path storm damage	Jul 16, 2014 6:41 PM
70	Generally very good	Jul 16, 2014 6:13 PM

76	Yes, but some of the street furniture lets down the appearance of the village	Jul 16, 2014 11:43 AM
77	we are blessed to have them as they area.. as a community and with the parish council we must ensure that the quality ie: condition, accessibility, is maintained	Jul 16, 2014 11:11 AM
78	Thank god for our country lanes although some are dangerous going out onto the main roads	Jul 16, 2014 10:48 AM

82	some FPs need to be easier to access and better maintained	Jul 14, 2014 1:26 PM
83	quite good. maintaining clear access in the growing season is important without harming the regenerative capabilities of the wild flowers and food and shelter for birds and wildlife	Jul 14, 2014 1:13 PM
84	at the age I am at present all are relatively accessible but the elderly would find access more difficult	Jul 14, 2014 12:53 PM

86	access is generally good	Jul 14, 2014 12:31 PM

88	9 Most of the time, but get overgrown at times	Jul 14, 2014 12:00 PM

Page 6, Q26. In Q18, you said how important the open spaces & Public Rights of Way (PROW's including footpaths, cycle track , bridleways and Green Lanes) were to you. Now how do you rate them re quality, access & availability?

97	FANTASTIC	Jul 7, 2014 11:04 AM
98	Generally quite good, but would benefit from a little more maintenance at certain times of the year ie cutting back of overgrowing foliage.	Jun 30, 2014 10:55 AM
99	They are very good in this area - it is hard to find information on them or know which areas are safe for children without discovering and exploring. They are imperative. Would be great to have more knowledge about them so don't have to walk on as many roads with children - can be very dangerous as the roads are used so frequently. The cycle path to Salcombe is excellent, however in the Summer months, it never seems to be that safe for long walks or bike rides with children as it is overgrown with stinging nettles and there have been lots of minor accidents!	Jun 29, 2014 11:03 PM
100	I would say they are, for the most part, quite well kept -- access and availability is no problem as long as one is able-bodied.	Jun 28, 2014 6:56 PM

102	I use several of them to walk my dog and am happy with all aspects	Jun 25, 2014 8:35 PM

Page 6, Q26. In Q18, you said how important the open spaces & Public Rights of Way (PROW's including footpaths, cycle track , bridleways and Green Lanes) were to you. Now how do you rate them re quality, access & availability?

104	Very good. Some footpaths not well maintained by National Trust.	Jun 19, 2014 12:10 PM
105	quite good but pathways need to be cut back more often - particularly for the disabled and children and in particular the cycle path to Salcombe	Jun 10, 2014 6:48 PM
106	What is available is well maintained apart from the cycle track which is repeatedly overgrown. There is a shortage of off road routes for horseriders and with a local farmer closing one route to horses (despite it being used for 50years) and the NT owning a lot of land in the parish there are few opporuntieis to ride off the dangerous narrow lanes.	Jun 9, 2014 1:59 PM
107	The accessibilty and maintenance of parts of the Malborough to Salcombe Cycle Path is extremely poor.	Jun 8, 2014 11:55 PM

8	AONB should give the village and surround protection from over development. Development is the built environment as opposed to natural beauty. The main economy is tourism for visitors drawn to our natural beauty.	Sep 9, 2014 6:30 PM

64	It appears to me to be nothing more than a nice thing to put in advertising the area. It seems to mean nothing when it comes to controlling development. When big money wants to do something, it generally happens!	Jun 30, 2014 11:17 AM
65	Beautiful location that we need to protect, respect and appreciate - use for the environmental education of the children	Jun 29, 2014 11:15 PM
66	That we need to keep it an AONB! and make sure any development is tasteful and supports the local community rather than providing gigantic and ugly holiday homes for rich townies (viz. the new houses in Salcombe on Bonfire Hill. Malborough must not become a dormitory village -- we need to develop and conserve areas in and around the village that promote socialising and community living. We also need to make sure that locals influence decisions re. the village and the countryside, rather than visitors or second-home owners -- and we need to ensure that the AONB, National Trust, etc. consider the needs of locals BEFORE the whims of 2nd home owners ... (caps to air traffic on the Bolt Head airfield? some control of the number of very loud speed boats in Starehole Bay, etc. but I think boat problems belong to Salcombe!	Jun 28, 2014 7:21 PM

5	Development has to be strictly monitored but must encourage tourism and provide employment	Sep 10, 2014 5:16 PM
6	Sympathetic planning	Sep 10, 2014 5:07 PM
7	Very important to keep development sympathetic in the AONB	Sep 10, 2014 4:55 PM
8	I hope AONB status protects this and ensures any development is sympathetic, necessary and suitable	Sep 10, 2014 4:40 PM
9	development and its impact/appearance should be controlled	Sep 9, 2014 12:55 PM
10	Makes planning more difficult sometimes	Sep 9, 2014 12:36 PM
11	Don't keep building houses especially those that are not in keeping with the village, too expensive for local people and encourages second homes.	Sep 9, 2014 10:20 AM
12	Malborough has now developed enough	Sep 9, 2014 9:39 AM
13	It should mean-NO wind turbines or solar panels (Except on roofs) and no development except for local Parish needs	Sep 4, 2014 10:15 AM
14	Development needs to be limited,tasteful, green and for local people	Sep 4, 2014 9:16 AM
15	National and local planners have no regard for AONB designation, it is of little value to protect countryside	Sep 3, 2014 10:42 AM
16	Development will be limited and hopefully monitored carefully	Sep 2, 2014 10:07 AM
17	housing should be controlled around us	Sep 2, 2014 8:46 AM

21	As an area of AONB, surely further development?buildings need serious consideration	Sep 2, 2014 7:39 AM
22	Development decisions have to be sympathetic to the area and the residents	Sep 1, 2014 8:44 PM
23	Any future developments for housing should be small units and not situated on prominent positions and be designed to blend with the countryside	Sep 1, 2014 8:28 PM
24	Development needs to be very sympathetic	Sep 1, 2014 3:37 PM
25	...VERY KEEN TO MAINTAIN	Jul 28, 2014 1:03 PM
26	Care needs to be taken that new developments enhance and not spoil it.	Jul 25, 2014 4:47 PM
27	No more development	Jul 25, 2014 4:36 PM
28	Development should be in keeping with local landscape.	Jul 25, 2014 3:22 PM
29	It means nothing where development is concerned.	Jul 25, 2014 2:28 PM
30	Protect paths and beaches. Soar Mill Cove in danger.	Jul 25, 2014 2:06 PM
31	As long as its sympathetic to the area.	Jul 25, 2014 12:42 PM
32	Unfortunately it doesn't mean a lot. It would appear development can go ahead irrespective of the village not wanting/ needing it. I am not against the village moving forward but not just anyway.	Jul 25, 2014 12:04 PM
33	Development nees to take AONB into account ie need for local people, design	Jul 25, 2014 11:31 AM
34	Development will be stilted but I think that is a good thing.	Jul 25, 2014 9:54 AM

36	Nothing	Jul 24, 2014 9:35 PM

Page 7, Q31. What do you think it means for development?

37	Development should be planned and restricted	Jul 24, 2014 9:27 PM
38	Can stunt development and local employment	Jul 24, 2014 8:56 PM
39	That development will be within guidelines and the village not overdeveloped	Jul 24, 2014 7:06 PM
40	Both of the new developments are on land prohibited for building until the current government changes	Jul 20, 2014 6:26 PM
41	Development needs to be in tune with the environment	Jul 18, 2014 7:59 PM
42	Not too many houses in any one place	Jul 18, 2014 3:07 PM
43	New developments to be kept small and in keeping with the rest of the village	Jul 18, 2014 2:48 PM
44	Hopefully this will have SOME effect in restraining bad development eg. large caravan parks	Jul 18, 2014 12:29 PM
45	It is incompatible with sporadic development	Jul 16, 2014 6:51 PM
46	No large scale development	Jul 16, 2014 6:15 PM
47	Limit development	Jul 16, 2014 5:59 PM

50	I know that it is important that we have these areas or there would be no beautiful areas left that weren't built on	Jul 16, 2014 11:55 AM
51	Any development must not infringe or impose on the AONB	Jul 16, 2014 11:55 AM
52	in planning for any form of expansion, whether it be housing or building a business park or parking spaces the parish council must play an active part in ensuring that our green spaces are protected	Jul 16, 2014 11:18 AM
53all development should be controlled to maintain the scenic quality of the area	Jul 16, 2014 10:37 AM
54	We think that development should be restricted for PERMANENT residents who want to live here either working or retired - NOT for 2nd home owners	Jul 16, 2014 10:25 AM

Page 7, Q31. What do you think it means for development?

55	Development should be restricted and not impact badly on the area	Jul 15, 2014 1:43 PM
56	all new building should look traditional or in keeping	Jul 15, 2014 1:06 PM
57	being in an AONB is extremely important and should be no. 1 priority when considering new planning applications	Jul 14, 2014 1:27 PM
58	development should not be high density with adequate infrastructure and retention of mature natural features (trees and hedgerows)	Jul 14, 2014 1:17 PM
59	developments seem to be eating into this AONB	Jul 14, 2014 12:55 PM
60	not to over develop the area	Jul 14, 2014 12:44 PM
61	it also means that extreme caution should be exercised when considering development	Jul 14, 2014 12:33 PM
62	development - we could do with some affordable housing. Malborough is a beautiful village but lots of second homes and holiday homes mean we may have to move soon	Jul 14, 2014 12:13 PM
63	It means NOTHING to developers and planners	Jul 9, 2014 1:09 PM
64	should be careful development in AONB	Jul 9, 2014 12:13 PM
65but does SHDC know?	Jul 9, 2014 12:04 PM
66	The community should retain control over housing/commercial development (threats from Government legislation changes?)	Jul 8, 2014 11:43 AM
67	development should be strictly controlled and compatible with existing properties - unlike Alston gate prison camp!	Jul 8, 2014 11:24 AM
68	...but there is a need for housing so we should accept some on the village outskirts	Jul 8, 2014 11:04 AM
69	NO more development as there's not enough local work to those who live here already!	Jul 8, 2014 10:37 AM
70	I THINK ITS A JOKE THAT WE'RE LED TO BELIEVE WE NEED MORE HOUSES HERE! THEN THE 'NEW' HOUSES BECOME NON LOCALS HOUSING AND HOLIDAY HOMES!!	Jul 7, 2014 11:04 AM
71	See above, Q30	Jun 30, 2014 11:17 AM
72	Development has to be appropriate and cannot affect the natural environment in any way. Wildlife has to be protected.	Jun 29, 2014 11:15 PM

Page 7, Q31. What do you think it means for development?

73	It should be appropriate and not overdeveloped.	Jun 28, 2014 11:07 PM
74	See answer to question 30. Also, SHDC, especially the Planning Department, need to listen to the experience of locals when it comes to any further development -- in the Gazette today, Kingsbridge locals were pointing out how Mill Street floods with raw sewage when there is excess rain, yet more houses are being built in Kingsbridge ... and the same goes for Malborough ... in the push to build more houses there seems to be little in the way of the PROJECTION of future needs -- what works now (reasonably adequately) may not when xxx number of new houses are built -- which will not only tax our existing infra-structure but also detract from our AONB status.	Jun 28, 2014 7:21 PM
75	Not as much as it use to, or as much as it should.	Jun 26, 2014 7:43 PM
76	Development is still allowed, if the plans are approached in a certain way, promising x & y is delivered.	Jun 20, 2014 10:00 PM
77	Very limited - correctly.	Jun 19, 2014 12:12 PM
78	care must go into the designs of any developement	Jun 10, 2014 6:55 PM

80	Careful scrutiny of proposed developments in relation to provision of affordable homes and long term employment.	Jun 9, 2014 12:06 AM
81	Accepting there has to be some development, it should be centred around the village as the hub with not too much ribbon development. If buildings are allowed in the outlying areas they should be in keeping with the natural environment, sympathetic design and tied/ring fenced/covenanted for local people and not holiday homes	Jun 4, 2014 2:30 PM

I did see something in the Malborough Messenger which looked at every surrounding green space for development potential. 43. I would like to see the development of a traditional local style using high efficiency, low energy materials. The property remains empty most of the year while the local is unable to find a home and shops find it hard to survive. New building in an area like ours should be able to be afforded by the local population. 33.. One group of housing not in the survey is holiday homes, it would be interesting to see what people think if they were taxed heavily for the period that they stand empty and had to sold for a sensible price to deter people owning them so there would be no need for extra building so saving good farming land. 35..Malborough is sprawling and needs to be more compact..fields below Malborough Park and valley where Portlemore footpath joins Shute	Jul 20, 2014 6:38 PM

33	Can't imagine why, given the footfall, Malborough doesn't have a coffee shop. The Post Office, which is an entirely ad hoc, random offering, could be developed (perhaps with an upstairs) to satisfy this. A version of Ashby's Easy stores might also satisfy the people using Salcombe and the surrounding coast.	Jul 25, 2014 12:27 PM
34	I think a farm shop/ cafe would do well especially if on main road, just off main road. It would catch the Salcombe tourists. Nothing like that in Salcombe. I'm thinking a bit like Aune Valley or the one in Stokenham.	Jul 25, 2014 10:07 AM
