REF 2018/19 MINUTES

204 WELCOME & APOLOGIES

DECLARATIONS OF INTEREST: Cllr Kendall recorded a declaration of interest in respect of Finance and withdrew from these discussions.

206 MESSENGER: Clerk November/December issue

207 MINUTES OF PREVIOUS PARISH COUNCIL MEETING:

The minutes of the Parish Council meeting of 17th October 2018 were agreed and signed without alteration.

Proposed: Cllr Boyce Seconded: Cllr Pedrick and agreed unanimously

208 INVITED GUESTS: Baker Estates

Neither SHDC nor MPC had realised the extent of the larger houses on the estate. Upon realising the numbers, SHDC spoke with Baker Estates who agreed to reduce the number of larger properties so that 3 bed properties now account for 40% of the overall development.

Cllr John Yeoman has spoken with all councillors re the development and all councillors approved of the new proposal.

Essentially, three four bed homes have been taken out in favour of six three bed homes, this increases the overall housing to a total of 53 properties.

New documentation is now online on the SDHC website including an indicative drawing that shows the new layout/properties. The parking ratio across the site remains at 3 spaces per property however the spaces for the six three bed homes has reduced slightly to 2.5 spaces per property.

The new submission will be input 7th December.

Glen Hilton was introduced as the site manager. Glen will be on site regularly but not daily.

Contact details for Baker Estates will be included in the next edition of the Messenger and added to the back page of the Messenger so that parishioners may contact them directly if there are any questions or concerns. ACTION: Clerk to obtain details

The access road is laid with tarmac, this reduces mud on Collaton Road and allows the sewage tankers easy access. In time this will be used for contractor parking. Noted that a small planning application will be forthcoming re the temporary road. When the retrospective planning application is received for the road, councillors unanimously agreed for the clerk to approve the application without further discussion.

209 MATTERS ARISING:

- A. Collaton Road Bus Stop the Clerk has a meeting next week re quotation for replacement of the bus stop. We still await a response from a second company. **ACTION: Clerk**
- B. Public toilets in the Square: MPC have expressed an interest to SHDC in the transfer of freehold ownership to MPC. We await further information from SHDC. A letter was received from a parishioner re the toilet block, a response was sent from the clerk. Noted that without the monies or a suitable alternate location to site new toilets, Malborough Parish Council do not feel that they are able to sell the existing toilet block once ownership has been transferred from SHDC.
- C. 16t of grit has now been delivered.
 Research re pressure washers has been undertaken by Cllr K Yeoman. The proposed model is a case oven Karcher, cost £624 inclusive of VAT. Purchase Proposed Cllr Pedrick, Seconded Cllr K Yeoman.

212 DISTRICT COUNCILLORS REPORT:

a. A complaint has been made re the sewage works, the smell has been horrendous, noise has increased, lights are on 24/7. Three or four tankers full per day are being removed from the site. The original planning application said that the smell should be contained within the unit, this is clearly not the case. The cause of action that would trigger an official breach of service needs to come from a member of the public. A concern from the Parish Council does not carry the weight

of an individual member of the Public - apparently a specific public incident must be addressed . Once public complaints are provided, Environmental Health will then act upon them.

b. Dog Walking in Community Wood – an email exchange continues re the SHDC statement on their website that dogs are allowed in the community wood.

The SHDC Orders were made under section 57 of the Clean Neighbourhoods and Environment Act 2005 which specifies that they can be made in respect to any land which is open to the air and to which the public are entitled or permitted to have access (with or without payment). Honey Foskett advises that the spirit of the process is to assist landowners in the management of such sites?

If the land to does not come within the definition then certainly, if removing the order(s) is appropriate then that should be considered in the upcoming review. NB: If this course of action is chosen, there would be no recourse to enforcement provisions.

SHDC also ask if there has ever been any discussion about registering the Community Wood as a designated nature reserve. This would allow them to categorise the area as a dog exclusion zone.

At the recent MVH meeting they discussed the situation re dog access and confirmed that they wish to continue to stop dogs being walked (on leads or not) on our Playing Fields / in the Children's Play Area, Skateboard Park and in the Wood (except for the Village Access Path which allows dogs). MVH accept that they will have no enforcement by SHDC in this respect and they will continue to monitor the situation as they have done for many years.

SHDC state that dogs may be taken onto playing fields in the South Hams but that they must be on a lead during play. Unfortunately, this is not a satisfactory answer for Malborough as the football teams regularly clear dog mess from the field prior to any training / matches etc taking place. The schoolchildren use the Wood on a weekly basis for their Forest School activities. The Skateboard Park and Children's Play Areas are not fenced off and it would be very easy for dog owners to let their pets loose (and have been found to do so) without being able to see where fouling is taking place.

MVH are not against dogs - just anti owners who allow their dogs to foul wherever they want. ACTION: Clerk to request SHDC remove all orders in relation to the area and to take down the information currently shown on the website. Ward Cllrs to be cc'd

- c. Joint Local Plan Consultation noted all villages in the AONB have had new build property obligations removed. The consultation runs until 3rd December 5pm, representations can be made through the online consultation portal: https://plymouth.objective.co.uk/portal/planning/jlp/
- d. Tree Warden Letter & Graveyard Tree The Tree Warden recently forwarded a letter to SHDC re a dead tree in Malborough Park. A response was requested and it was noted that no responses had been received to previous letters. SHDC provided a response that the tree was due to be felled. At the same time notification was made to SHDC re a tree in the graveyard currently overhanging the Post Office that also requires attention. No action has been taken yet. ACTION: Clerk to follow up.
- e. Second Home Letting Consultation recently commenced by the government. If let for more than 140 days a property must be transferred to business rates, however if the income is less than £12k the property is eligible for 100% rate relief meaning that there is zero contribution to the economy from either business rates or council tax. Details to be sent to all councillors. ACTION: Cllr Wright to send link.

- f. Cllr Pedrick thanked the Ward Councillors re the improved dustcarts.
- g. Query re free lifejackets, from the Marine Management Organisation. Cllr Pearce advised the application is currently with the Harbour Board. Once it's up an running all relevant parties will be informed.
